

## Bumblebee and Ladybird Classes Term 2

During Term 2 we will continue to learn about 'Our Colourful Friends'. We have been thinking about ways in which the children could support this learning at home. We would ask your child to choose and complete at least 1 of these challenges – whatever interests them the most. If your child would like to do more than one (or even all of them) then that's fantastic. Please hand in any 'work' or photographs of your child completing the challenge(s) before Monday 18<sup>th</sup> December.

Elmer the elephant has lots of different colours. Can you be creative (like an octopus) and make your own version of Elmer?

'SING' is a film about a singing competition. Design, draw and label your own Sing character. Which animal would they be? How would they dress? What instrument would they play? Which song would they sing?

Make a pretend shop with items to buy. Place the items you want to buy into a bag, counting how many you have each time a new item is added. Start with 1 item. When 1 more item is added to the bag, how many do you have then? How many are there when you place another item in the bag? Can you get to 20 items?

At school we are learning to sing and dance to action rhymes/songs such as 'If you're happy and you know it' or 'Heads, Shoulders, Knees and Toes'. Could you practise performing a song. How could you improve your performance skills?
